

Hi, I have been listening to K-LOVE for the past two years.  
I choose to listen to no other station for myself and my family.  
K-LOVE provides poistive reinforcement and encouragement in our  
family value system as well as spiritual guidance. K-LOVE provides  
conseling to many people, free of charge, to people who are  
troubled and in need of spiritual help, all across this great  
nation of ours. These are a few of the many things K-LOVE does.
